

Can You Be Deceived?

Are your ears keener than the ears of the music critics of more than two hundred of America's leading newspapers? These music critics can not tell the human voice from Edison's Re-Creation of it by his new invention.

MT. LASSEN ERUPTION

BIGGEST OF THE YEAR

Redding, Cal., Nov. 2.—Mount Lassen, California's volcano, continued its activity early today, following the largest eruption in a year yesterday afternoon. The eruption, which assumed large proportions at 4 p. m. yesterday, at first appeared to be merely a "letting off of steam." Later a dense, black smoke rose in enormous volume, spouting upward a short distance before mushrooming and drifting northward. The smoke came from the northern part of the crater. Today observers declared the volcano appeared to be "puffing." Puffs, sending smoke hundreds of feet high, came at intervals of about 10 minutes.

Rome, Nov. 2.—A wireless received from Petrograd this afternoon regarding the fighting in Volhynia, said a great battle has started on a 500-mile front along the Danube which may be the most important of the war on the eastern front.

NEW MEXICAN DUTIES

GO INTO EFFECT TODAY

Juarez, Mex., Nov. 2.—A new scale of duties on imports into Mexico went into effect today, under a decree issued recently by First Chief Carranza. Duties on many staples, including food and clothing, have been raised to almost prohibitive figures, and it was predicted today importation of some articles would be stopped altogether.

The duty on oats, where large quantities are being shipped to the American expedition, has been raised to \$7.50 per ton. Wheat, corn and hay, however, are free.

The heaviest duties have been placed on milk, at 20 cents per kilo (2¼ pounds); 10 cents per kilo on soap and flour, and 20 cents per kilo on canned meats.

YOUNG PEOPLE'S NIGHT

AT THE TABERNACLE

That the young people of Grants Pass are taking a lively interest in the revival meetings at the tabernacle was again evidenced last night when about two hundred high school pupils formed in parade at the railroad park. The march was made to the beat of drum and the music of class yells, and their entry into the big building was heralded by the various classes vying with each other in cracking the welkin with their lusty voices. It was young people's night, and Mr. Mathis told the ever-interesting Bible story of the young man Joseph, who rose to the position of governor of Egypt.

Taking for his text, "But God was with him," the evangelist said: "One reason that Joseph succeeded was because he had a desire for better things. He had an ambition that went hand in hand with the right desire, and he won out, for God is always with that kind of people. It takes courage for young people to do the right thing, and it often brings out the jeers of the crowd. The young man or woman who will keep his or her character unspotted from the world has a far greater courage than the soldier in the trench."

A cornet solo, "The Holy City," was played by Mr. Vessey, the choir voices joining in the chorus. Mr. Mathis announced that the subject for tonight would be "The Unanswered Question."

From Sermon on "Joseph"

"If you want an opportunity to crush a boy's life, just poke all sorts of fun at him during his dreaming age."

"It is as impossible for us to rise higher than our desires as it is for water to rise higher than its level."

"If you are out fishing for sympathy for your troubles, don't be surprised if you come in with a mighty slim string, for everybody has troubles of his own."

HUGHES EXPECTS TO WIN TUESDAY

Batavia, N. Y., Nov. 2.—Republican Nominee Hughes today said he was entirely confident of victory in the debatable states of Ohio and Indiana. Speaking before an enthusiastic audience here, he said: "I have just returned from a trip through Ohio and Indiana with a profound sense of gratification and entire confidence with respect to the result in both states. In both Ohio and Indiana it is not exaggerating to say that I had receptions which perhaps exceeded those accorded to any presidential candidate."

"That was, of course, not a tribute to me personally, but it was an indication of the deep interest that the people are taking in the essential conditions of their prosperity and their satisfaction that there is a great united republican party, ready for service, at this critical time. We, of course, know well that no party can exceed the promises made by our opponents. But we measure what they say by what they have done. They told us four years ago they would reduce the cost of living. They said they would do away with extravagance in government. They tell us now that they are going to deal with economic problems that confront us at this time in a satisfactory manner. "But if we endeavor to ascertain
